Summary of reasons for decision:

The publication contains three additional levels for a game originally examined by the Classification Office (OFLC No. 1100930.000, registered 31 August 2011). This game was classified "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 136 years", with the descriptive note "Contains violence and offensive language".

The additional content that is the subject of this classification deals with matters of violence in a similar manner to those in the original game. As such the additional content does not significantly alter the dominant effect of the publication as a whole.
